Collection Days: Shipments will be made on Mondays, Wednesdays, and Fridays of each week beginning with the first week of February and ending the last week of June.

Time For Request: Please contact us by telephone no later than 5 pm Eastern/Standard time on the day before your semen is to be shipped. You may cancel your request without penalty if you do so by 8 am Eastern/Standard on the day of shipment. Please leave a message with your request if no one answers.

Insemination: Your mare must be inseminated by a licensed veterinarian and the semen may only be used for the designated mare. Notify us as soon as your mare has been checked for pregnancy. We require ultrasound examinations at 14-17 days and again at 24-35 days after insemination to ensure the Live Foal Guarantee.

Mare Reproductive Tests: Open/Barren mares MUST supply Bronson Veterinary Services with a copy of the following reproductive tests:

***Uterine Culture/Sensitivity and Cytology results performed within 30 days

***If mare does not have these tests prior to semen requirement, a second shipment will not be made until lab results are received by the clinic.

Clients bringing a mare to be bred at Bronson Veterinary Services must also supply:

***Provide copy of Current Negative Coggins and Current Health Certificate

***Provide a Current Deworming and Immunization Record. Vaccinations must be administered a minimum of 14 days prior to arrival and a maximum of 60 days prior to arrival. Vaccinations must include Eastern/Western Encephalitis, Influenza, Rhinopneumonitis, Tetanus, West Nile, Potomac Horse Fever, Rabies, and Strangles.

Equitaners: Requires a \$300 deposit. The deposit will be fully refunded upon return. Equitaners must be returned to the clinic, prepaid at mare owner's expense within 3 working days from original shipment or a \$25/day rental charge will be assessed.
